Objective

Enthusiastic and results-driven Full Stack Developer with a proven track record in building and maintaining cutting-edge web applications. Seeking a challenging role that leverages my expertise in JavaScript, PHP, and cloud technologies to contribute to innovative and impactful projects.

Experience

Full Stack Developer   Mar 2022 – Dec 2023

Troy Web Consulting

Troy, NY

- Developed and maintained Laravel PHP applications using Vue.js, ensuring high-quality and responsive web applications.

- Led the migration of legacy applications to modern development standards, enhancing overall system efficiency.
- Collaborated with clients, designers, project managers, and QA teams to ensure applications met specified requirements.
- Contributed to various projects, including social media integrations, invoicing systems, progressive web applications, and serverless/cloud migrations.

JavaScript Application Developer   Mar 2020 – Mar 2022

Atlas Copco

Voorheesville, NY

- Design and implement Project Management dashboards using the SAP UI5 JavaScript framework

- Modify SAP BW database schema to meet the needs of frontend applications

- Meet with cross org stakeholders to plan and design the user experience of applications
